Ram International has opened a Ram Restaurant & Brewery at Clackamas Town Center in Happy Valley, Ore.

The 9,000-square-foot restaurant has an open floor plan with mixed seating. The design expresses a new interior image for the 17-restaurant chain, including two large murals with images from Oregon's recreational sports history.

An outdoor patio has a fireplace flanked by wooden waiting benches, and a built-in patio planter.

The restaurant also includes a brewery that will produce beer for other Ram locations in Oregon.

Owner: Ram International, Lakewood

Interior/graphic design: BCRA, Tacoma

Architect (shell): DLR Group, Portland

General contractor: T.J. Nisbet Construction,

Portland

Structural engineer: Swenson Say Faget, Tacoma
